File No. NMC/US(NMC)/Misc/2022-100

Date: 18th February, 2022

Subject: Advisory for students who wish to seek registration to practice allopathy in India, seeking Admission in Medical Colleges of Kyrgyzstan or any other foreign country-reg.

It has come to the notice of Ministry of External Affairs, Govt. of India that few new Medical Colleges have been launched in Kyrgyztan in last one year namely, the Avicenna University, Adam University, Royal Metro, Int'l Medical University, Salymbekov University, ABC etc. and nearly two hundred Indian students have already been enrolled in these institutions without enrollment of a single Kyrgyz Student.

2. In this context, any prospective student needs to be aware that there may be some supervisory, regulatory and infrastructural issues in these institutions that should not be overlooked before taking admissions there. Allowing overseas students on the day of the launch also runs contrary to international norms requisite to enroll foreign students.

3. Also students are advised to refer to National Medical Commission's FMGE Regulations, 2021 before applying or planning to seek admission in any institutions in Krygyztan or any other foreign country.

4. In view of the above, students are advised to exercise due diligence in choosing where to pursue medical education from.

(Dr. Sandhya Bhullar)
Secretary, NMC
