ADVISORY

Subject: Online Application for the Eligibility Certificate - regarding

The Foreign Medical Graduate Examination (FMGE) Screening Test may be scheduled in the coming months by the National Board of Examinations in Medical Sciences. As per the requirements, the candidates who are required to have the Eligibility Certificate are not permitted to apply for the Screening Test without the Eligibility Certificate issued by the National Medical Commission. The online portal for applying for EC will be opened on 2nd March, 2026 (10:00AM onwards).

2. It has also been observed on previous occasions that various mistakes are made by the applicants while applying for the Eligibility Certificate (EC). The following are suggested measures to avoid mistakes:-

- (i) The applications should preferably be filled by the candidate himself and should avoid proxy for making applications for EC;
- (ii) The candidates are also advised to keep their documents handy before filling application for EC; it would be ideal if the entries to be made are verified vis-a-vis entries in the original documents;
- (iii) The candidates should provide their active mobile numbers so that alerts/deficiencies can reach them directly for rectification to obviate any delay in rectification. It may also be ensured that once the deficiency is conveyed, the deficiency should be rectified by the respective candidate as expeditiously as possible to avoid last minute rush; and
- (iv) Candidates shall scrupulously check entries and ensure conformity with the details in the original documents to ensure quick processing/approval of applications if otherwise eligible.

3. The above-mentioned steps are only suggestive and not exhaustive. Candidates are requested to exercise due diligence before submitting applications for Eligibility Certificates and ensure the mobile numbers indicated remain active.
