To,

Dean/Principal of All Medical Colleges/Institutions under NMC

Subject : Implementation of HMIS (Health Management Information System) for attached hospitals – reg

Ref. Letter No. D-130024/07/2022/NMC/DMMP 002558 dated 25-01-2023 from this office.

Kind attention is invited towards the UGMSR 2023 and the relevant regulations, issued by NMC vide which it has been directed that all Medical Institution shall install HMIS system in their attached/ associated hospitals and the data of which may be utilized by the Commission. It had been earlier directed to all colleges to implement AEBAS, HMIS and CCTV integration with NMC, so as to enable the Commission to maintain a constant vigil on the standard of medical education training being imparted.

2. In light of above and to make the annual renewal/assessment of medical colleges more objective and transparent, all Medical Colleges under NMC are required to integrate the HMIS of their attached/ associated hospitals with Ayushman Bharat Digital Mission-HMIS (ABDM-HMIS) portal being maintained by National Health Authority, Ministry of Health & Family Welfare.

3. It is requested to refer the attached Annexure-I vide which the process of integration of HMIS with the portal is stipulated. The contact details for resolution of any technical issue in above process are,
    (a). Mr. Narendra Singh, NHA, Email id: pm.adoption@nha.gov.in
    (b). Mr. Sanjay Sinha, NMC, Email id: manager.it@nmc.org.in

4. The above direction may kindly be implemented within 15 days from date of this notice.

Dr. Raghav Langer
Secretary

Process for ABHA Registration by Patients

1. Create ABHA for the Patient
ABHA can be created using the patient's Aadhaar in ADBM enabled HMIS of hospital

Authentication can be completed via:

  - Aadhaar-linked mobile OTP, or

  - Biometric authentication.

https://drive.google.com/file/d/1XiFWrUs13u1OZuvGQ5ADgYqbd-WjHxe7/view?usp=drive_link

2. Search ABHA Using Mobile Number
If the patient has already generated an ABHA linked with a mobile number:

  - The hospital can search ABHA using the registered mobile number.

  - OTP-based authentication is performed for verification.

The details of the patient are fetch in the ABDM enabled HMIS.

3. Scan & Share (QR-based Registration)
The patient who has an ABHA can share the details through any of the ABDM enabled PHR apps.

The list of ABDM enabled phr is available at: https://abdm.gov.in/our-partners/PHR

The hospital generates a facility QR code through HMIS. The patient scans the QR code and shares profile details digitally. This method requires the patient to possess a smartphone.
