The Tamil Nadu Medical Council invites applications for Permanent Registration from Foreign Medical Graduates (FMGs) who fully comply with eligibility criteria prescribed by the National Medical Commission in the above-mentioned Public Notices, including completion of mandated internship as well as adherence to the prescribed norms regarding the mode and duration of study.

Applicants must apply online only and upload mandatory documents such as compensation certificate, supported by duly authenticated transcripts clearly indicating the period of compensation, along with passport records substantiating their study period and compliance with NMC norms.

All documents submitted by the applicant will be subject to verification of authenticity. The Council reserves the right to verify the credentials directly with the concerned foreign medical institution and any other appropriate authority, as deemed necessary.

Every application will undergo detailed scrutiny. The Tamil Nadu Medical Council reserves the right to call for additional documents, information, or clarifications at any stage of the process. Submission of incomplete, false, fabricated, or forged documents, or suppression of any material information, will lead to rejection of the application and may also attract legal action under the applicable laws.
