1. INTRODUCTION

An Act of Parliament in 1956 (Amendment Act-2012) established the All India Institute of Medical Sciences (AIIMS) as an autonomous institution defined its objectives and functions. AIIMS is an Institute of National Importance (INI). As per section 2 & 24, Institute has power to grant Medical, Dental or Nursing Degrees, Diplomas and other Academic distinctions and title under this Act. The degrees granted by the Institute under the All India Institute of Medical Sciences Act are recognized qualifications for the purpose of the Indian Medical Council Act 1956, Dentist Act 1948 and Indian Nursing Council Act 1947.

2. AIMS & OBJECTIVES

In the field of postgraduate and post-doctoral education, the most important function of the Institute is to provide opportunities to train teachers for medical colleges in the country in an atmosphere of research and development. Postgraduate and Post-doctoral students are exposed to newer methods of teaching and given opportunities to actively participate in teaching exercises. The other important objectives of the Institute are to bring together in one place educational facilities of the highest order for the training of personnel in all the important branches of health activity and to attain self-sufficiency in postgraduate medical education. The educational principles and practices being adopted are best suited to the needs of the nation.

3. After submitting Stage I, candidates are mandatorily required to log in again with Stage – II login Id and attempt Stage II, which consists of 40 MCQs with a duration of 50 minutes.
4. Candidates who have applied for more than one specialty/department must bring admit card of all applied subjects, failing which will be not be allowed to appear in the respective subject for which admit card not brought at examination center.
5. Candidates who have applied for more than one specialty/department need to attempt Stage I only once using admit card of any subject where Login Id for Stage – I will be common for every subject. However, they must attempt Stage II for each subject separately one after other as per login Id mentioned in admit card of respective subject.
6. Candidates who have applied for more than one specialty/department are mandatorily required to bring in notice in advance before day of examination if have been issued admit cards containing different login Id for Stage I **OR** allocated different examination center for different subject, failing which will not be considered for subject in which will not be able to appear.
7. The result for each subject will be calculated independently by combining the scores from Stage I and Stage II and as per method of selection mentioned in the prospectus.
