We expect all our students to behave responsibly and maintain their conduct in and outside the Institute. Especially when they have attained legal adulthood. Most of our students are well mannered and sincere. However, considering their tender age and freedom from parental restrictions, it is not uncommon for the students to get involved in various irresponsible acts including use of addictive substance and other activities that are inflicting damage not only to them but also to the image of Institute. These kinds of activities defy not only the vision and mission of this premier institute but also the expectations of parents, teachers and society at large.

Considering these issues, in the benefit of your ward, administration of AIIMS, Rishikesh wishes to take some preventive and corrective actions with your help such as:-

- 1- Inculcation of **life skills and soft skills** among its students through workshop. Your ward is expected to actively participate in the workshops and practice these skill in daily life.
- 2- Students work hard and they also need some time for recreation. Channelizing the energy of students towards **creative and socially useful activities** through introduction of various hobby clubs has already been initiated. Kindly **ENCOURAGE** your ward to be an active member of at least one of these clubs.
- 3- Considering the disorganised traffic and hilly terrain in Rishikesh, we would like to **STRONGLY DISCOURAGE keeping and use of automobiles by students**. This policy has already been followed in various premier institutes of India including IITs, BITS and IMA to name a few. In place of automobiles these institutes promote use of bicycles by its students that is beneficial ecologically, economically and also from health point of view. Considering the benefits, use of bicycles by undergraduate students in and around campus is **ENCOURAGED**.
- 4- We understand that you are spending your hard earned money towards the education of your ward. However, at times unknowingly, students get trapped in use of addictive substances. To address this issue, we will **randomly subject our students to screening for addictive substance**. We strongly feel that students not involved in these kinds of activities will not have any objection to it. In the benefit of others.
- 5- Students are identified by the image of the Institute. Any kind of defamatory activities on any kind of platforms including social media, print media, electronic media directed towards Institute, members of Institute and colleagues is **STRONGLY DISCOURAGE**. Students found involved in any such activities will face disciplinary actions. However, the administration respects their freedom of speech and **ENCOURAGES** students to discuss and debate on any issues where they have difference of opinion in **MUTUALLY RESPECTFUL** environment on the platforms provided by the Institute.
- 6- Being the responsible member of society, students of this premier Institute are expected to maintain discipline and conduct in and outside Institute. **Any kind of misconduct verbal, mental physical or of any other type is STRICTLY PROHIBITED**. Students found involved in any such activity will face disciplinary actions.
