Note:

1. *Institution running pharmacy courses shall be in institutional area only and not in residential area.*

2. *If the institution is running non-pharmacy courses, the pharmacy institution shall have separate block.*

- a) The Pharmacy institution can share laboratories, if they are in same campus under same name and under same Trust/Society/Company, that is the institution is one but offering different pharmacy courses.
- b) The Pharmacy institution can have all the pharmacy courses in the same building but with requisite course wise infrastructure. However, laboratories can be shared.
- c) If the Trust/Society/Company has some other educational programs, the pharmacy course shall be in separate block with prescribed sq.ft. area.
- d) It is mandatory that institution shall have its own building. Rented building shall not be considered as their own building.
- e) Own Building/Lease/Rented Building:
 - i) If one of the trustee/member/directors of the Trust/Society/Company desires to lease the building owned by him for pharmacy course, it should be for a period of 30 years. It should also be ensured that lease deed that is entered into between the Trust/Society/Company and the trustee/member/ director, owning the building, should contain a clause that the lease deed cannot be terminated for a period of 30 years.

Further, it is clarified that, for a Pharmacy Institution (Managed by a Trust/Society/Company), own building would be a building either owned and controlled by the Trust/Society/Company or owned and controlled by a trustee/member/director of the Trust/Society/Company. That is, if the owner of the building is a trustee/member/director of the Trust/ Society/Company and she/he leases the building to the Trust/Society/Company for 30 years, it will be considered as own building of the pharmacy institution.
 - ii) A duly registered gift deed of the building in favor of the Trust/Society/Company should be construed to be “own building”.
 - iii) if the lease of the building is between any government authority and the Trust/Society/Company/ pharmacy institution and the lease is for 30 years or more, it will also be considered as own building.
 - iv) In cases of irrevocable power of attorney, documents of the building should be duly registered as per law.

- f) Penalty for not having own building: The penalty clause as mentioned in the Scheme will be applicable if the institution does not have its own building. Even after imposition of penalty, the institution does not have its own building then action shall be taken under Section 13 of the Pharmacy Act, 1948. However, a lease of 30 years is permissible with the trustee/member/director of the Trust/Society/ Company/ Government.
