ABOUT

JIPMER

JIPMER's origin dates back to 1823 when it was established as "École de Médecine de Pondicherry" by the French government.

JIPMER's steadfast dedication to academic brilliance and cutting-edge medical research has earned it an eminent position among the best medical colleges in the nation; its exalted status fortified by its designation as an Institute of National Importance. The students of JIPMER embody a rare combination of erudition and versatility, showcasing their multifaceted brilliance in a diverse array of extracurricular pursuits and the academic realm alike. Nestled in the quaint French town of Pondicherry, JIPMER boasts of a lush 195 acre campus.

Pondicherry is an enchanting coastal enclave along the azure waters of the Bay of Bengal. With an amalgamation of its rich cultural heritage, picturesque promenades, unparalleled gastronomic experiences and spritual renaissance symbolised by Auroville, Pondicherry is swiftly becoming one of the most sought after travel destinations in South India.

ABOUT SPANDAN

(Click to watch the Spandan 2024 aftermovie)

Spandan is JIPMER's flagship intercollegiate festival - a weeklong extravaganza of friends, frolic and frenzy. From the glam of dance-offs and fashion shows to the heat of parliamentary debate; from the inescapable thrill of sport to the electric atmosphere of back-to-back concerts, Spandan has always been about the people.

New horizons of extracurricular as well as academic accomplishment form the backdrop of a stunning frame of collective exuberance - where fresh, young minds and weary veterans alike come together in South India's ultimate melting pot of culture and competition. Write your own story, one panel at a time, as you chart your course along our comic-themed voyage of self-discovery.
