GUIDELINES FOR INTERNSHIP POSTING

Ref:-NMC-34(41)/UG-Gen-2021-Med./207/75, dated 28.04.2021 and queries arising thereafter from students of different colleges across the country.

In furtherance to the above mentioned Advisory from NMC, this is to clarify further that:

Internship is the responsibility of the medical college that has trained the medical graduate. Every intern has to approach the corresponding medical colleges with regards to internship related issues.

1. Internship should be completed in the medical colleges where the medical graduates completed final MBBS.
2. Mutual transfer of internship is possible only under exceptional situations. Mutual transfer will be only between government medical colleges or only between private medical colleges. No intern can exchange between private and government colleges or vice versa.

Dr. Aruna V. Vanikar
President, UGMEB
