F.No.N-P050(20)/65/2023-PGMEB- NMC

1049512 - 515

Dated:

01/9/23

To,

All State Medical Councils

Subject : **Registration of Additional Qualifications of students passing Post Graduate Courses**

Sir/ Madam,

Post Graduate Medical Education Board vide letter No. NMC/MCI-23(1)/2022-Med/022871 dated 23.6.2022 (copy enclosed) had requested all the State Medical Councils to register the first four batches of PG degree courses after starting/ increased intake of seats and three batches of PG diploma courses admitted against the seats which are shown as permitted on NMC's website. The same was reiterated during the meeting with State Medical Councils, held at the Commission on 15.6.2023.

2. However, this Board is still in receipt of a number of grievances from students stating that their additional qualifications are not being registered as their seats have been shown as permitted on NMC's website even though they fall in the first four batches of starting/ increased intake of seats.

3. All the State Medical Councils are therefore once again requested to register the first four batches of PG degree courses and three batches of PG diploma courses admitted against the seats which are shown as permitted on NMC's website.

4. This issues with the approval of the Competent Authority.

Yours faithfully,

(Aujender Singh)

Deputy Secretary, PGMEB

Post Graduate Medical Education Board (PGMEB)

No.NMC/MCI-23(1)/2022-Med. 022871

Date: 23rd June, 2022

To

All State Medical Councils

Subject:- Registration of Additional Qualifications of students passing Post Graduate Courses

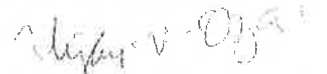

Dear Sir/Madam,

Post Graduate Medical Education Board is in receipt of a number of requests from State Medical Councils for knowing the status of recognition of seats which are shown as permitted on the NMC's website as the same is required by them for registering the additional qualifications. It is pertinent to mention that due to Covid pandemic, all the PG courses due for recognition were given one year provisional recognition in 2021. Recognition process in the current year is also in progress and may take some time.

2. In this regard, it is stated that Para 6(2) of "Post Graduate Medical Education Regulation, 2000" provides for recognition in respect of first four batches after starting of course /increased intake of seats in the Postgraduate Degree Courses and three batches of Postgraduate Diploma Courses.

3. To facilitate the registration of additional qualification and mitigate the hardship being faced by the students, all the State Medical Councils may register the first four batches of PG degree courses and three batches of PG diploma courses admitted against the seats which are shown as permitted on NMC's website.

Yours faithfully,

(Dr. Vijay Oza)

President, PGMEB
